Small Business Rate Relief

Provided a completed application form is received, eligible businesses with rateable values of £12,000 and below will get 100% rate relief on their liability. This relief will decrease on a sliding scale of 1% for every £30 of rateable value over £12,000, up to £15,000. In addition, such businesses will have their bill calculated using the small business multiplier. Businesses with rateable values over £15,000, and up to £51,000 will have their bill calculated using the small business multiplier only.

The relief is available to ratepayers who *occupy*:

- only one business property in England, or businesses that have one main business and take on a second property after the 1st April 2014. In this case the main business will continue to be eligible for relief for a period of 12mths from the date the additional property was occupied. OR
- one main business property and other additional business properties, providing the additional properties have individual rateable values of less than £2,900 **and** the combined rateable value of all the properties is under £20,000. Empty properties are discounted for this purpose. In addition, empty properties cannot qualify for relief. The charge on the additional properties will be based on the higher non-domestic rating multiplier.

Small Business Rate Relief Statutory Notes

This form may be used for a first application for small business rate relief in a valuation period in respect of a property or a fresh application that is required because the ratepayer has taken up occupation of an additional property. Paragraph (section) 2 must be completed for a first application in a valuation period and paragraph (section) 3 for a fresh application. The appropriate part of the declaration must also be completed and the part which is not applicable deleted.

A valuation period is the period of five years for which a local non-domestic rating list is in force (i.e. the period between revaluations of non-domestic hereditaments) and if ratepayers do not take up occupation of any additional properties they may not need to apply for relief again. If they have made an application in respect of one valuation period and the conditions for relief which on the first day of the new valuation period are satisfied, their existing application in respect of the earlier valuation period will count as an application in respect of the new valuation period. In such cases, ratepayers do not need to make a fresh application in respect of the new valuation period.

Small business relief can only be claimed for one property. A first application for relief in a valuation period in respect of a property should be made using paragraph (section) 2 (paragraph 3 is not applicable) and all properties in England occupied by the ratepayer must be listed. Where the ratepayer starts to occupy a new property after making an application but wishes to continue receiving relief in respect of the same property, a fresh application must be made by completing paragraph (section) 3 (paragraph 2 need not be completed). It should be noted that, for any particular day, the billing authority will disregard the ratepayer's occupation of an additional property in England where –

- (a) its rateable value shown in the local non-domestic rating list for that day is not more than £2,899; and
- (b) the aggregate rateable value on that day of all properties the ratepayer occupies in England is not more than £27,999 (where the property for which relief is sought is situated in Greater London) or £19,999 (where the property for which relief is sought is situated outside Greater London).

Therefore, if ratepayers occupy more than one property, their entitlement to relief depends on the rateable values of the other properties they occupy. Where ratepayers occupy properties in more than one area, if the rateable value of a property outside the area of the billing authority granting relief goes up, they must notify that billing authority of the increase. This does not require a fresh application but must be done in writing.

If ratepayers are uncertain about which billing authority area any of the properties they occupy is in, they should contact the authority which grants the relief.

Businesses currently in receipt of the following reliefs will **not** be eligible for small business relief:-

- Mandatory (Charitable) Relief
- Community Amateur Sports Clubs (Mandatory Relief)
- Rural Mandatory Relief

Any relief granted will be shown on your annual rates bill, which will be issued in March preceding the relevant financial year, or as soon as possible thereafter.

The Small Business Rate Relief scheme will be funded by a supplement on the rates bill of those businesses not eligible for the relief. This supplement is built into the higher non-domestic rating multiplier.

To receive relief you must be eligible on 1st April of each year. If your business ceases to be eligible on a day during the year in question, the relief will cease on that day. **You should submit your application for relief to us as soon as possible.**

The application must be signed by the ratepayer or a person authorised to sign on behalf of the ratepayer. This means, where the ratepayer is –

- (a) a partnership, a partner of that partnership;
- (b) a trust, a trustee of that trust
- (c) a body corporate, a director of that body, and

in any other case, a person duly authorised to sign on behalf of the ratepayer.

Warning – it is a criminal offence for a ratepayer to give false information when making an application for Small Business Rate relief.
