Introduction

There is no legal duty requiring a local authority (LA) to provide free or subsidised school or college transport to a young person aged 16 to 19. However, where a young person is of 'sixth form age' and attends school or college, the law does require LAs to prepare and publish an annual transport policy statement specifying the arrangements for the provision of transport or other support that the authority considers it necessary to make to facilitate the attendance of all persons of sixth form age receiving education or training.

A young person is of sixth form age if they:

- Are over **compulsory school age** (which ends on the last Friday in June in the academic year in which you turn or turned 16) but under 19¹, or
- Began the course they are studying at school or college before their 19th birthday. They will remain of sixth form age until they complete that course, even if they finish this course after their 19th birthday.

All young people carrying on their education post 16 must reapply for travel support apart from young people with an EHCP who attend LA Special Schools. The Local Authority provides SEND post 16 transport free of charge, however it is important to note this is not a legal requirement.

Local authorities also have a duty to encourage, enable and assist young people with learning difficulties / disabilities to participate in education and training for those aged 19 to 25 and for whom an EHC plan is maintained. The sixth form age duty applies to young people of sixth form age and young people with EHC plans up to age 25 where they are continuing a course started **before** their 19th birthday.

The overall intention of the sixth form age transport duty is to ensure that:

- Learners of sixth form age can access the education and training of their choice; and
- If support for access is requested, this will be assessed and provided where necessary.

This policy uses the term 'Post 16' to include both learners of sixth form age and those with learning difficulties / disabilities up to the age of 25.

This policy document specifies the support that Westmorland & Furness Council considers necessary to facilitate the attendance of Post 16 learners receiving education or training.

Education or training refers to learning or training at a school, further education institution, a council maintained or assisted institution providing higher or further education, an establishment funded directly by the Education Skills Funding Agency, learning providers.

delivering accredited programmes of learning which lead to positive outcomes and are funded by the council, for example, colleges, charities and private learning providers.

Aims and Objectives of the Statement

The main objective of the Post-16 Transport Policy Statement is to specify the arrangements for the provision of transport or otherwise that the authority and Post-16 education providers consider it necessary to make to facilitate the attendance of all persons of sixth form age receiving education and training.

¹This also applies to children who have been placed a year behind cohort.

Your provider will decide how you get your bursary. You might get:

- An instalment paid by cash, cheque or bank transfer

Discretionary bursary

Your school or college will have their own criteria for discretionary bursaries. They'll look at your individual circumstances - this usually includes your family income.

Ask student services about their criteria and any evidence you'll need.

To qualify for help from the College all students must live more than 2 miles from College, and meet the household income criteria.

Keswick School, Keswick

For students who reside within the catchment area the school facilitates applications for the Post-16 spare seat scheme in conjunction with the Council's Integrated Home to School Transport Team. This allows students to travel in the morning and afternoon at the standard times on contracted vehicles provided there are spaces available.

Students will be asked on application to the Sixth Form (in February of each academic year) if they would like the school to bid on their behalf for a place on the scheme. Students are made aware that a guarantee of a seat cannot be made: the cost and number of seats available is determined by the Council and that any seat may be revoked mid-year if it is needed by a learner who aged 11-16.

We would encourage Post-16 students from low-income families to apply for free discretionary transport through the Council's Support Fund if they fulfil the eligibility criteria. We also operate a Sixth Form Discretionary Bursary Scheme for students who are not eligible for free transport through the Council. Any student who applies to the Bursary Scheme will have their application considered by the bursary panel against a set of criteria outlined within the policy, which can then be used to pay for or subsidise travel to and from school. Keswick School does not have the capacity to make additional provision for catchment transport to or from school outside of that offered by the Council through their spare seat scheme. Therefore for students for whom spare seats are not available through the Local Authority, the school will endeavour to advise families on alternative means of transport that may operate within their area. Any queries about cost, routes or seats awarded should be directed to the Council.

Queen Elizabeth Grammar School, Penrith

Queen Elizabeth Grammar School, Penrith operates a Post 16 spare seat scheme in conjunction with Westmorland and Furness Council to make school transport available to sixth form students who live within the catchment area. This allows students to travel in the morning and afternoon at the standard times on contracted vehicles.

For the academic year 2025/2026 the school is continuing with the pilot approach with WAF Council and UCC. This means that sixth form students can apply to buy a bus pass for spare seats on school buses where available.

The cost of the spare seat passes is determined by Westmorland and Furness Council. To obtain a bus pass parents/carers must submit a Post 16 Spare Seat application directly to the Council, this form is available on the Council and School website. This will then allow the Council to offer seats where available on a first come first serve basis and the Council will invoice parent/carers directly for payment allocated in date order of receipt of application forms.

As soon as the Council has received payment, they will issue a travel pass directly to the home address. Parents are responsible for contacting the Council's integrated Home to School Transport Team to advise if a seat is no longer required so that the space can be offered to someone else on the waiting list.

Most bus passes are available to students before the start of term in September, but this is not always the case.

It is always advised to have a plan B for transport for the first week of term. For families on low incomes the school encourages applications via the Westmorland & Furness Council's low-income application process. If families are outside of these criteria but still require financial assistance then students may apply to the school's 16-19 Bursary Fund, detail of this are available on the school website: <https://qegspenrith.education/sixth-form/>

Queen Elizabeth School, Kirkby Lonsdale

Ullswater Community College, Penrith

UCC aims to support students wherever possible when accessing our sixth form.

Families of students intending to study in the Sixth Form are requested to note this when completing the initial Sixth Form Application form via our website. It gives a rough idea of numbers, but all formal communication will be between families and Westmorland & Furness Council directly.

Free school transport is only provided until a student completes Year 11, but for students who reside within the catchment area, the Westmorland & Furness Council Transport Services Team operate a Post 16 Spare Seat Scheme.

This means Sixth Form students can buy bus passes for the spare seats (where they are available) on school transport. This allows students to travel in the morning and afternoon at the standard times on contracted vehicles.

Application forms for this scheme are available directly from the school.

This link [Apply for school transport | Westmorland and Furness Council](#) takes you to the Council's 16-19 bursary scheme for financial assistance with the cost of buying a spare seat, as well as their policy statement (which we advise you read.)

The council reviews the price of spare seats every year, you will be notified of this as soon as it is decided.

UCC operates its own 16-19 Transport Bursary Fund, the rationale for this is to support any student who otherwise wouldn't be able to attend our Sixth Form.

This bursary is independent of the Westmorland & Furness bursary, and can be applied for here : [UCC Bursary & Transport - Ullswater Community College](#)

Ulverston Victoria High School, Ulverston

For students who reside within the catchment area the school operates a Post 16 spare seat scheme in conjunction with the Westmorland & Furness Council's Home to School Transport Team. This allows students to travel in the morning and afternoon at the standard times on contracted vehicles. All applications are sent via the school to the Local Authority and the cost is determined by Westmorland & Furness Council. For students where spare seats are not available through the Local Authority, the school will work with parents to help facilitate transport. We would encourage Post-16 students from lower income households to apply for the Council's 16 to 19 Education Travel Bursary Fund. Financial assistance is also available for eligible students from the in school 16-19 Bursary Fund.

Home to School Transport Appeals Process

There are limited grounds on which you can challenge the Council's decision in respect of school transport. Those grounds are:

- The transport arrangements offered.
- The pupil's/student's eligibility.
- The distance measurement in relation to statutory walking distances.
- The safety of the route.

All other concerns or complaints should be registered via the Council's Corporate Complaints Procedure, please see link below:

The Council's Home to School Transport Appeals Process consists of 2 stages, as detailed below.

Stage 1 – Review by a Senior Manager

You have 20 working days from receipt of the Council's home to school transport decision to make a written request asking for a review of the decision. The written request should detail why you believe the decision should be reviewed and give details of any personal and/or family circumstances you believe should be considered when the decision is reviewed. Please make sure your request for a review relates to one the grounds of appeal listed above.

Please submit your appeal by completing the form on page 31 of this document and post to the following address:

Integrated Home to School Transport Stage 1 Appeal, Children's Services,
Westmorland & Furness Council, Parkhouse Building, Baron Way, Kingmoor Business Park, Carlisle CA6 4SJ.

Within 20 working days of receipt of your written request a Senior Manager will review the Council's original decision and provide you with a detailed, written notification of the outcome of your review setting out:

- The nature of the decision reached.
- How the review was conducted.
- Information about other departments and/or agencies that were consulted as part of the process.
- What factors were considered.
- The rationale for the decision reached.
- Information about how you can escalate your case to stage 2.

Stage 2 – Review by an Independent Appeal Panel

You have 20 working days from receipt of the Council's stage 1 written decision to make a written request to escalate the matter to stage 2. The two grounds on which the Independent Appeal Panel can allow an appeal are as follows:

- That the Council has not applied its Home to School Transport Policy.
- That there are compelling grounds to justify making an exception to the terms of the Council's Home to School Transport Policy.

Please submit your appeal by completing the form on page 19 of this document and post to the following address:

Home to School Transport Stage 2 Appeal, PA to Assistant Director – Quality, Resources and Transformation,
Westmorland & Furness Council, Parkhouse Building, Baron Way, Kingmoor Business Park, Carlisle CA6 4SJ.

Stage 2 Procedure

Within 40 working days of receipt of your request, an Independent Appeal Panel ('the Panel') will convene to consider your appeal. You are entitled to attend your appeal hearing and to make representations. You may be accompanied by a maximum of 2 individuals to provide you with support and/or assistance.

You will be given at least 20 working days' notice of the appeal hearing.

At this stage you will be asked to confirm if you are able to attend and who will be attending. If you fail to attend the appeal hearing without prior notification the Panel clerk will endeavour to contact you to establish the reasons for this. Unless there are mitigating circumstances the Panel will proceed in your absence and will consider your representations based on your written submission. Any additional representations must be submitted to the Council 10 working days prior to the appeal hearing unless there are extenuating circumstances.

The Panel will consider any documentation submitted by the above stated deadline, along with any papers submitted with your application and/or with your stage 1 review. They will also carefully consider any representations made at the appeal hearing.

An officer from the Integrated Home to School Transport Team will attend the Panel to present the case on behalf of Council ('the Council's Representative').

The appeal hearing operates in accordance with 'natural justice'. This means that every effort will be made to ensure the appeal hearing is fair, impartial, and as far as possible, informal and accessible. Hearings are not to be recorded except where this may help a parent/carers with a stated disability. Permission must be sought prior to the appeal hearing if a recording is needed.

The Panel will consist of the following representatives from the Council who will all be independent of the original decision making process:

- The Chair, a Council officer.
- Two other panel members will be officers from other service areas within the Council.
- There will be a clerk at the Panel who will take a formal note of the discussion, but not take part in the decision making. The usual format of the Panel will be as follows:
- The Chair will welcome you and introduce everyone present. The Chair will explain how the proceedings will be conducted.
- The Council's Representative will explain the Council's decision.
- You will be given the opportunity to question the Council's Representative as will the Panel.
- You will be given the opportunity to present your appeal. We recommend you prepare a summary of your case to assist you with this.
- The Panel and the Council's Representative will be allowed to ask you questions.
- The Chair will ask you if you have raised all the issues you wanted to and give you the opportunity to sum up your case. It is important that you have told the Panel everything at this point, as there will be no further opportunity to introduce additional information at the summing up stage.
- The Chair will explain the decision making process as stated below.

Stage 2 Decision

In making their decision the Panel will consider the Council's Home to School Transport Policy, any timely information/documentation provided by you and/ or the Council's Representative, along with any verbal representations you and the Council's Representative make at the appeal hearing.

The Panel will reach their decision and will provide you with a detailed, written notification of the outcome, within 5 working days, setting out:

- The nature of the decision reached.
- How the review was conducted.
- Information about other departments and/or agencies that were consulted as part of the process.
- What factors were considered.
- The rationale for the decision reached.
- Information about your right to put the matter to the Local Government and Social Care Ombudsman.

Referral to Local Government and Social Care Ombudsman

The decision of the Panel is final. When you receive the decision letter, if you consider that there has been a failure to comply with the procedural rules, or if you feel there are any other irregularities in the way your appeal was handled, you may have a right to refer the matter to the Local Government and Social Care Ombudsman for further investigation, please see link below. Please note that this is not a further right of appeal.

lgo.org.uk

Alternatively, you may be able to seek a Judicial Review of the decision. However, this is a complex process and it is advisable to seek legal advice prior to pursuing this route.

Further Appeals

Please be aware that a further appeal will not be agreed unless there has been a significant and/ or exceptional change to your circumstances, and this change directly affects your application for transport.
