

Commons Act 2006 – Schedule 2 (7)

APPLICATION TO DEREGISTER ANY OTHER LAND WRONGLY REGISTERED AS COMMON LAND

Notice is hereby given that an application has been made by Gordon James Kyle (“the Applicant”) to Cumberland Council as commons registration authority, under Schedule 2 paragraph 7 of the Commons Act 2006 and in accordance with the Commons Registration (England) Regulations 2014.

The application relates to part of common land register unit CL482 Knorran Fell, Walton Mill, shown outlined in red on the attached plan (“the Application Land”). The Application Land covers an area of approximately 7.5 acres. Please note that whilst the other registered common land in the area is shown hatched green on the notice plan, it is only the land edged red, the Application Land, which is the subject of this application.

A summary of the effect of the application is as follows: the Application Land was provisionally registered as common land on 4 June 1970 under section 4 of the Commons Registration Act 1965, pursuant to application number 2149 made on 25 June 1968 by Walton Parish Council. The Applicant claims that the provisional registration, being undisputed, became final on 1 August 1972.

The Applicant claims that immediately before its provisional registration the land was not: subject to rights of common; waste land of the manor; a town or village green within the meaning of the 1965 Act as originally enacted; or land of a description specified in section 11 of the Inclosure Act 1845 (c.118). The Applicant claims that the Application Land was wrongly registered and has requested the removal of the Application Land from the commons register.

If the application is granted, in whole or in part, the commons registration authority will give effect to the determination by deregistering the Application Land, which will entail the addition of a registration amendment entry in the register confirming deregistration of part, and the amendment or preparation of the register map showing the Application Land marked as deregistered.
