

**WESTMORLAND AND FURNESS COUNCIL (VARIOUS ROADS, SOUTH LAKELAND  
AREA) (CONSOLIDATION OF TRAFFIC REGULATIONS) (ORDER 2023) VARIATION  
ORDER NO. 2 20><**

**Statement of Reasons**

Westmorland and Furness Council considers that it is expedient to make the above order  
for the following reason (s) in Section 1(1) Road Traffic Regulation Act 1984:

- (a) for avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, or
- (b) for preventing damage to the road or to any building on or near the road.
- (d) for preventing the use of the road by vehicular traffic of a kind which, or its use by vehicular traffic in a manner which, is unsuitable having regard to the existing character of the road or adjoining property.

In relation to the following proposal, as shown on the plan: -

**Proposal 2: Under Loughrigg Road - Prohibition of Driving (At All Times)  
(All Vehicles Over 3 Tonnes Maximum Gross Vehicle Weight). (Presented  
on Drawing SL-TR-2023-002.2 and 8.0-8.6)**

At present, a 2 ton maximum gross vehicle weight restriction exists on the U5532 Under Loughrigg road. When considering both the needs of road users affected by the existing weight restriction as well as the characteristics of the road, this Traffic Regulation Order proposes to revoke the existing 2 ton maximum gross vehicle weight restriction and replace it with a 3 tonne maximum gross vehicle weight restriction (except for access) on the U5532 from its junction with the western leg of the U5532 (the road to Steps End) to it's junction with the A593 at Rothay Bridge.

**Proposal 8: Pelter Bridge - 7.5 Tonnes Maximum Gross Vehicle Weight  
Limit. (Presented on Drawing SL-TR-2023-002.2 and 8.0-8.6)**

An inspection and structural assessment of the Bridges named above has found that the bridge is incapable of carrying any load exceeding 7.5 tonnes without unacceptable risk to members of the public and or damage to the road and structure. We therefore propose a Traffic Regulation Order as a result of the weak bridge.
