

Moving & Handling Training

UPDATED

Service description

We provide training for school staff in:

- Safe Moving and Handling of Children,
- Manual Handling (inanimate objects),
- Risk assessments, and
- Individual on-site training.

Benefits to your school

This training will enable schools to meet their Health and Safety obligations in respect of staff competences, as well as helping them meet their statutory responsibilities for the safety of children and young people in their care. Also, Health & Safety Risk Assessments are aimed at ensuring the Health and Safety of any member of staff undertaking moving and handling e.g. teaching assistants, kitchen staff, cleaners etc.

It can assist with responding to the needs of children in school identified in their statement or IEP, to H&S audit findings, or for evidence of good practice for Ofsted.

All the courses, risk assessments, advice and guidance will be given by fully qualified trainers.

Details of what's included

Depending upon which option is chosen, course content typically includes: understanding the directives & legislation; posture and spinal awareness; the principles of safer handling; base movement; risk assessments; how pupils are injured; as well as practical aspects including learning safer handling techniques and the use of equipment.

Courses can be provided both on-site and externally for Safe Moving and Handling of Children, and for Manual Handling (inanimate objects). These can be delivered as part of INSET, during school hours, or in twilight sessions. Certification and refresher training will be provided. Our qualified trainers can deliver on-site training to individuals or small groups, and risk assessments, as required.
