

Commons Act 2006 – Section 19(2)(a)

NOTICE OF APPLICATION TO CORRECT THE REGISTER

Notice is hereby given that an application has been made by **Tim Cartmell** (“the Applicant”) to Cumberland Council as commons registration authority, under Section 19(2)(a) of the Commons Act 2006 and in accordance with the Commons Registration (England) Regulations 2014.

The application relates to common land register unit CL20 Caldbeck Common.

A summary of the effect of the application is as follows:

The right to graze 28 units on Caldbeck Fell, comprising the whole of register unit CL20, is currently recorded as being attached to O.S. Nos. 1503, 1504 and 464 at entry 288.

This entry derived from entry 36 and was created following application number 1296 made by William Martin Peel.

The Applicant claims that a mistake was made by the commons registration authority when creating entry 288, as a result of application number 736 made by John Hickson, and that only part of O.S. No. 1503 should have been included in the particulars of the land to which the right is attached.

The Applicant states that part of O.S. No. 1503 was not included in the transfer of land that resulted in application number 736 and conveyances and Land Registry title documents support this position.

If the application is granted, the registration authority will give effect to determination by cancelling entry 288 and replacing it with a new entry, showing the right to graze 28 units attaching to O.S. Nos. pt1503, 1504 and 464 and creating a new supplemental map.
