

Westmorland and Furness Council

Directors Local Scheme of Authorisation of Officers

1. Cross Directorate Matters

In the Constitution, the Leader and Full Council delegate certain powers and functions to the Chief Executive, Strategic Directors and other Chief Officers. This is set out in the **Officer Scheme of Delegation** at Part 2, Section 6 of the Constitution.

The responsibility for the exercise of non-executive functions rests with Council and is delegated to its Committees and to officers of the Council.

Likewise, responsibility for the exercise of executive functions rests with the Leader and these powers are delegated in accordance with the Leader's scheme of delegation.

Except for those matters that are delegated to a specific officer due to their statutory role or designation, the approach of the Officer Scheme of Delegation is to delegate all matters that have not been reserved to Council, Leader and Cabinet or a Committee to the appropriate Chief Officer. Each Chief Officer must then develop and maintain their own Local Scheme of Authorisation to Officers which will be published on the Council's website. This Local Scheme of Authorisation sets out how officers are authorised at the appropriate level.

This is the Directors Local Scheme of Authorisation to Officers. It describes how each Chief Officer has authorised officers in their Directorate to exercise powers and functions on their behalf.

The purpose of this scheme is to provide a streamlined, clear and simple decision-making process. Directors should therefore avoid detail and assign authorisations to posts/levels rather than individual officers.

This scheme is subject to restrictions and requirements in the Council's Constitution, including the Contract Procedure Rules, the Financial Procedure Rules and other Procedure Rules, and any specific reservations or delegations determined by the Council, Committee or Leader and Cabinet. It should be read in conjunction with the **Officer Scheme of Delegation** (see Part 2 Section 6 of the Council's Constitution).

General Notes

Except for matters that are authorised to an officer due to their Statutory Role or where a specified professional qualification is required, the authority assigned to an officer within a team for any matter is automatically assigned to any officer within the team at a more senior level. Proper Officer functions may be discharged by other officers duly authorised by Directors and/or Chief Officer(s) to act in the name of the Proper Officer concerned.

In the event of the Strategic Director (or their designated deputy) not being available for whatever reason then the next most senior officer of the Directorate will be authorised to implement these powers. Where an authorisation is to be exercised by an officer threshold

which does not exist within that directorate, the authorisation is automatically assigned to the next lower threshold of officer. For example, if a decision were to be taken by a Director and a directorate did not have a Director, the authorisation would automatically be assigned to a Senior Manager within that directorate. Where any new duty is given to the Council which does not fall within this Local Scheme of Authorisation, the exercise of that duty shall be undertaken by the relevant Strategic Director until such time as the Council or Leader & Cabinet has allocated responsibility.

Where a function is delegated to an officer, they may authorise the carrying out of that function in their name by other officers within their department, directorate, team, unit or section (or such other officers as report to them directly or indirectly) either fully or under the general supervision and control of the authorising officer.

It is impossible and impractical to capture all decisions which are taken by an officer; this scheme focuses on high level decisions and does not cover many of the day-to-day decisions individual officers take which are essential to business continuity. When contemplating making a decision under authorised powers, therefore, the officer should consider whether the proposed decision:

- Is sufficiently important and/ or sensitive so that it is reasonable for a member of the public to expect it to be taken by an elected, decision-making body (in which case the officer should arrange for it to be taken by that body)
- Is purely administrative and is only remotely connected with the Executive function/relevant committee (in which case an officer decision notice is unlikely to be required)
- Is so minor or routine that it is reasonable to consider it to be of no interest to a member of the public.

If in doubt, officers should seek advice from the Director of Law and Governance who will also advise on the appropriate template for the decision.

These cross-directorate matters have been authorised as follows:

Authorised by	Date last updated
Miranda Cannon, Chief Executive and relevant Strategic Directors	01/07/2026

(a) Management of staff

Refer to the relevant HR policy for matters not authorised below
